MEDICARE AND MARKETPLACE OPEN ENROLLMENT

The Medicare annual enrollment period and the Healthcare Marketplace open enrollment period are here. This is an important time to review your health insurance coverage and make sure your plan will continue to meet your healthcare needs.

Important Insurance Update for 2027

Please be aware that, effective January 1, 2027, Internal Medicine Specialists of Atlanta will no longer participate in the following Medicare Advantage plans:

- Blue Cross Blue Shield Medicare Advantage (BCBS MA)
- Aetna Medicare Advantage- Aetna does offer a PPO plan that includes out of network benefits in which case network participation is not mandatory.

For patients who are eligible for Medicare, we encourage you to consider the following coverage options:

- **Traditional Medicare** (Original Medicare)
- **Humana Medicare Advantage**
- **UnitedHealthcare Medicare Advantage (UHC MA)**

For patients purchasing insurance through the Health Insurance Marketplace, our practice participates with:

- **Ambetter- except Ambetter Solutions, Ambetter Wellstar Select and Select Options**
- **CareSource**

We encourage all patients to carefully review their insurance options and verify that their selected plan includes Internal Medicine Specialists of Atlanta as an in-network provider before enrolling.

If you have questions about your insurance coverage or how these changes may affect your ability to continue seeing your provider, please contact our office.

Thank you for allowing Internal Medicine Specialists of Atlanta to be part of your healthcare.
